Curriculum vitae

Personal info: Date of birth: May 5, 1996

Place of birth: Sibiu, Romania

Tel.: (+40) 758471622

Occupation:

Technology Analyst at BearingPoint Sibiu (April 2024 – Present)

Residence:

Sibiu, Romania

Personal resume:

I grew up working hard for every single goal (small or big) I set myself. During the highschool and university years I gathered all the information I needed to get the best version out of me, in terms of perspectives related to mathematics and informatics. As my interests are highly dedicated to math's path, I describe myself as being a well-organized person, ambitious, punctual, reliable, confident and stubborn with continuous learning. When it comes to skills, problem-solving and critical thinking are my main strengths. To be more precise, I can understand and give feedback over anything that has a background in maths. Regarding the software development side, I'm familiar with the following programming languages: Fortran, Python, Matlab.

Experience:

NTN-SNR Rulmenți Software Engineer & Mathematician: January 2020 – March 2024.

Education:

Lucian Blaga University of Sibiu:

      Phd, Mathematics : Oct. 2020 - Present

Lucian Blaga University of Sibiu:

      Master's degree, Applied Mathematics and Informatics : Oct. 2018 – Jun. 2020

Lucian Blaga University of Sibiu:

      Bachelor's degree, Mathematics and Informatics : Oct. 2015 – Jun. 2018

Main skills:

Problem Solving, Analytical Skills, Interpersonal Communication

Languages:

French (Professional Working), English (Full Professional)

Certifications:

FCE Cambridge

ECDL Certificate
